

Parenting in the Age of Legal Marijuana

Free Dinner
&
Child care

An Evening Event for Adults who Raise, Care for and Educate Young People.

Franklin County Tech School

82 Industrial Blvd, Montague, MA

Thursday, April 6th, 2017

5:30pm – 6pm **Light Dinner**

6pm- 8 presentation, Q&A

- What are the effects of marijuana on the teen brain?
- What should I tell my teen about marijuana now that it's legal for adults?
- What should I know about vaping and edibles?

Come learn from a presentation and Q&A with adolescent brain specialist:

Dr. Jennifer Michaels, Medical Director of the Child and Adolescent Services Division of the Brien Center for Mental Health and Substance Abuse Services and an Assistant Professor at the University of Massachusetts Medical School.

Childcare available: call Kara McLaughlin 413-863-7512

Thanks to the school nurses from the Gill-Montague Regional School District, Franklin County Technical School, Greenfield Public Schools, Gill-Montague Community School Partnership, Greenfield Safe Schools Safe Streets Coalition, Partnership for Youth, Communities That Care Parent Education Workgroup, NW District Attorney David Sullivan's Office, and the Franklin County Technical School's Culinary Arts Department.
