Monday - Thursday
July 2018

<p>Programming with SCRATCH! Created by MIT, this fun, interactive programming app takes away the fear and builds skills!</p> 	<p>Cooking for Kids. Have fun in our huge kitchen learning cooking and baking skills that you can use at home. Always a TechConnect favorite!</p>	<p>Archery. Learn archery with the guidance of a certified archery instructor. Develop a new skill and hobby.</p> 
<p>Create Digital Comics. Taught by the former Editor of Marvel Comics, this fun course allows your imagination and our technology to combine and create your very own digital comic book. Use your imagination.</p>		<p>Hair & Nails. Another favorite for TechConnect, learn to do nails and hair in our cosmetology salon, taught by licensed cosmetologists. Braiding, curling, styling and up-dos. Nail care, polishing and nail designs. So much fun.</p>
	<p>Small Engine Repair. Want to know how things work? If you own a dirt bike, or plan to, this is a fun and practical program to build skills. No previous skills needed – just an interest in how do things work.</p>	<p>Build a Computer! Using our fun PIPER kits, you will build a working computer. It's fascinating how a computer works, and you will understand after building one!</p>
<p>Computer Design – CAD & Machining Using software programs and cutting machines, students will create their own custom projects! These are great skills to know, and a really fun project to take home. Your design choice-Star Wars, Trolls, etc.</p>	<p>Creating Digital Animations. If you like to see cartoons and animations, you can be the creator of your own animation. Learn to use software to create and show off your animating imagination.</p>	
<p>Exploring STEM Exploring STEM is a program for those who are interested in learning about the science that makes up the world around us. Full of hands-on activities, demonstrations, and discussions, Exploring STEM introduces participants to a wide range of topics including: magnetism, heat transfer, mechanics, and more!</p>		<p>Introduction to Martial Arts. Brand new! We are fortunate to have a skilled (black belt) in martial arts who will provide an introduction to the world of martial arts. Learn tumbling and kicking in an easy, safe and supportive environment.</p>
